

NO SMOKE

VEHICLE MOUNTED EXHAUST FILTER SYSTEMS FOR LAW ENFORCEMENT

SWAT

Being a Tactical Operator is dangerous enough, many never consider their exposure to vehicle emissions while performing their duty. The Ward Diesel NO SMOKE system provides SWAT team members an additional level of protection during tactical cover maneuvers or while working around their armored vehicle.

Advantages include:

- ⇒ On scene protection
- ⇒ Proven technology with thousands of installed systems worldwide
- ⇒ No impact to the vehicle drivetrain performance
- ⇒ No need for costly station exhaust hoses when the vehicle is stored indoors
- ⇒ Low cost of maintenance
